

CHAOS CANNON

Notes: You randomly select the destination by revealing and discarding the top card of the powerup deck. The teleport works like the effect of the Teleporter powerup. If you choose only one target, you either give it 1 damage and 1 mark, or you give it 1 mark and you may choose to teleport it.

basic mode: Deal 1 damage and 1 mark to one target you can see. Deal 1 mark to a different target you can see; then you may teleport it to a randomly selected spawnpoint.
